

Jubel-Jubilee-Youth camp

2024

with international meet and greet

This year we want to meet in beautiful Hesse, more precisely in Alsfeld, for five days together. In addition to the usual riding lessons in dressage and jumping and looking after our Fjordis together, we also want to take the time for leisure sports or individual wishes.

If you want to set yourself a goal for the final days, you can take the test for the german **riding badge 10 to 7 inclusive** on Wednesday or complete the **horse handling licence** (formerly the basic pass). Of course, we prepare this together during our week.

As it is our anniversary and we are expecting international visitors, we would also like to enrich our "Colourful Evening" with a show. If we still have time and are bored, we have creative handicrafts and fun games in the pipeline. As you can see, we have a lot planned...

... **Are you in? We're looking forward to see you and your ponies**

Important information !!!
